At the time of user creation if you activate more then one product then its list will display and above it you need to select this user sponsor . If no one sponsor he/she comes directly then admin name will come by default.

Now ramesh is successfully created

The screenshot shows the KANI ADMIN interface. On the left is a sidebar with navigation links: Dashboard, Profile, Product, Wallet, User, Geneology, Report, Closing, and Redem Request. The main area displays a table of users with columns: S.No, User Id, Name, Email, Mobile, Password, Image, Status, and Action. The table contains 6 rows of user data. The user 'ramesh' is the last entry in the list.

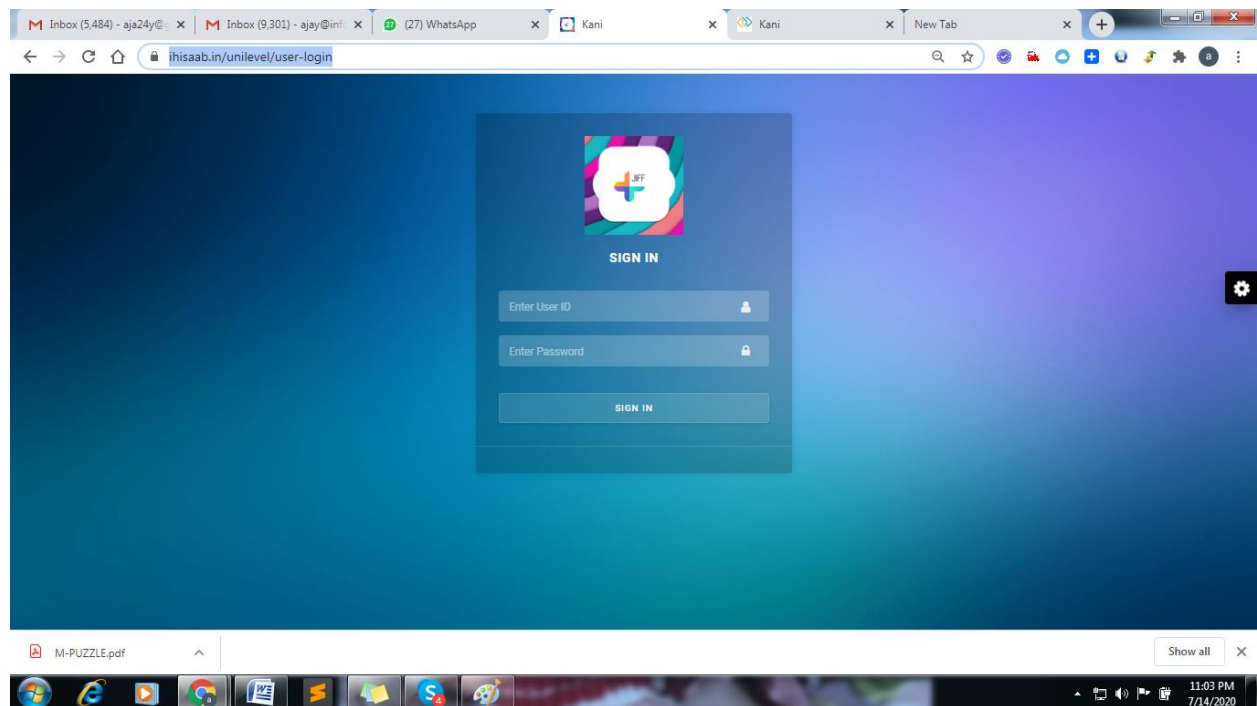

S.No	User Id	Name	Email	Mobile	Password	Image	Status	Action
1	123456	Burhane	admin@gmail.com	123456789	123456		Active	View
2	Burhan2	Burhan2	burhan@gmail.com	675	123456		Active	View

6	ramesh	Ramesh	ross@infocentroidtech.com	7566643042	123456		Active	View

Now ramesh can also login in our system .Through this link

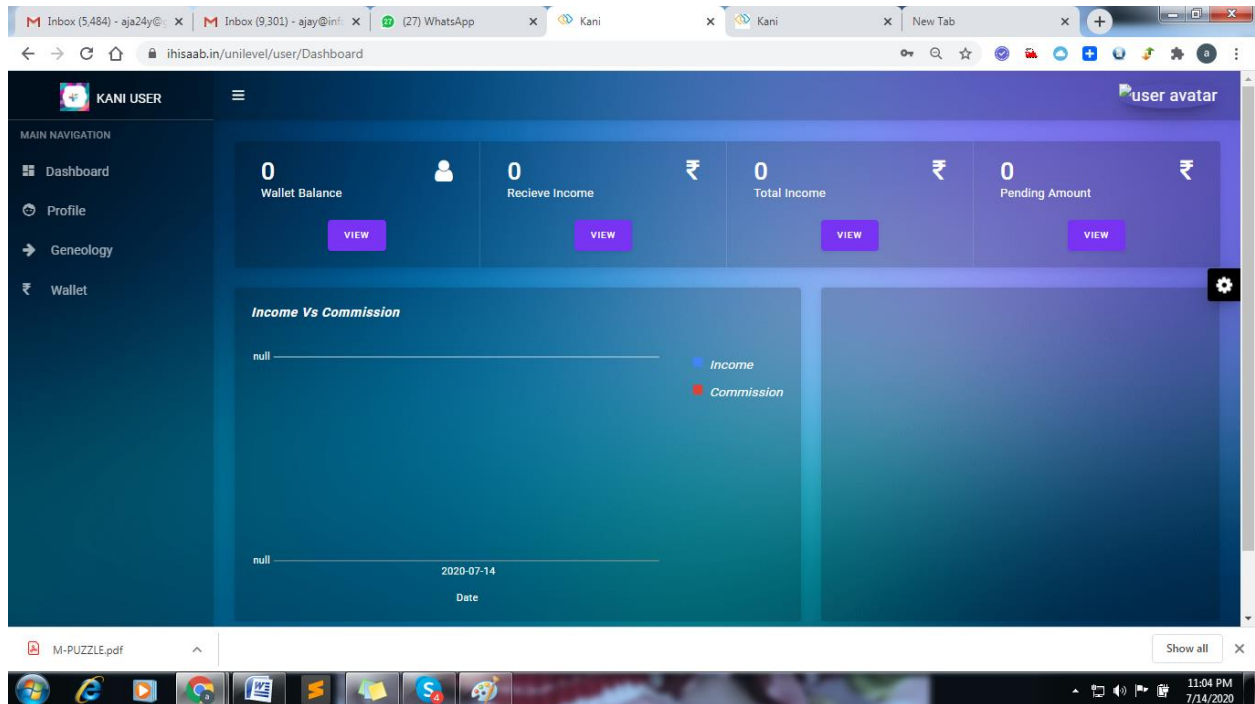

<https://ihisaab.in/unilevel/user-login>

Userid: ramesh

Password:123456

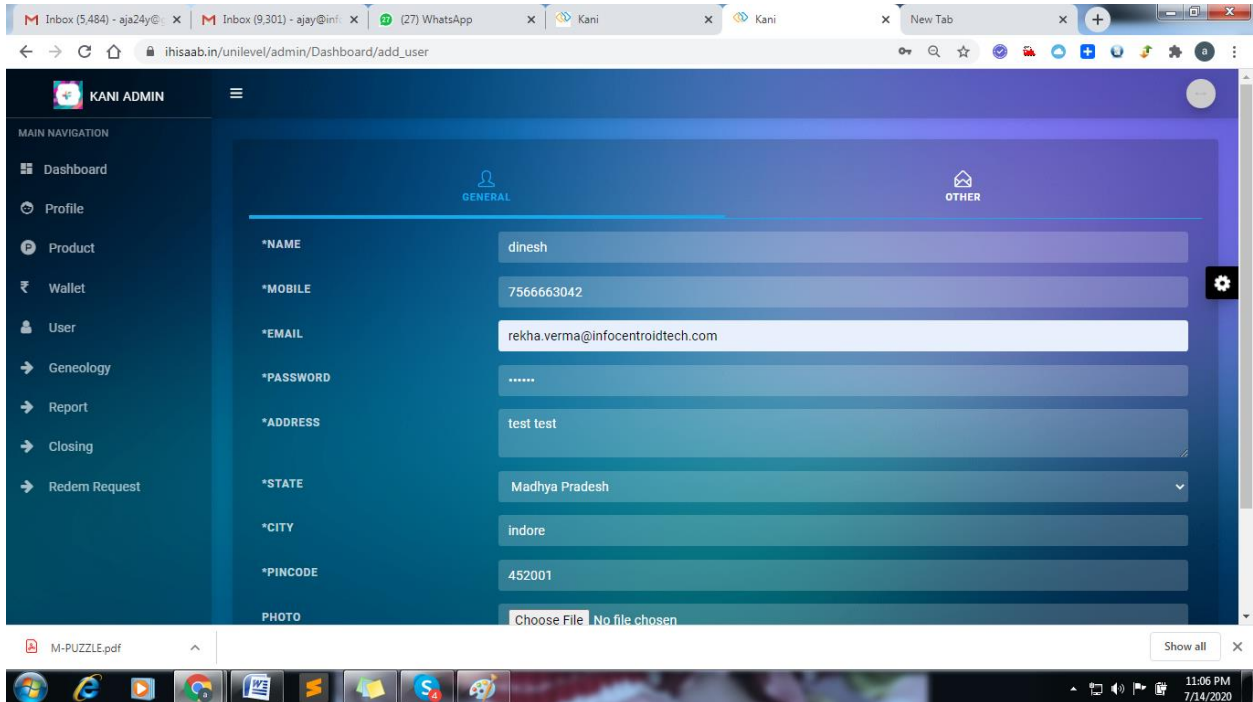

After login dashboard of ramesh will display

Its empty because he has referred nothing till now .

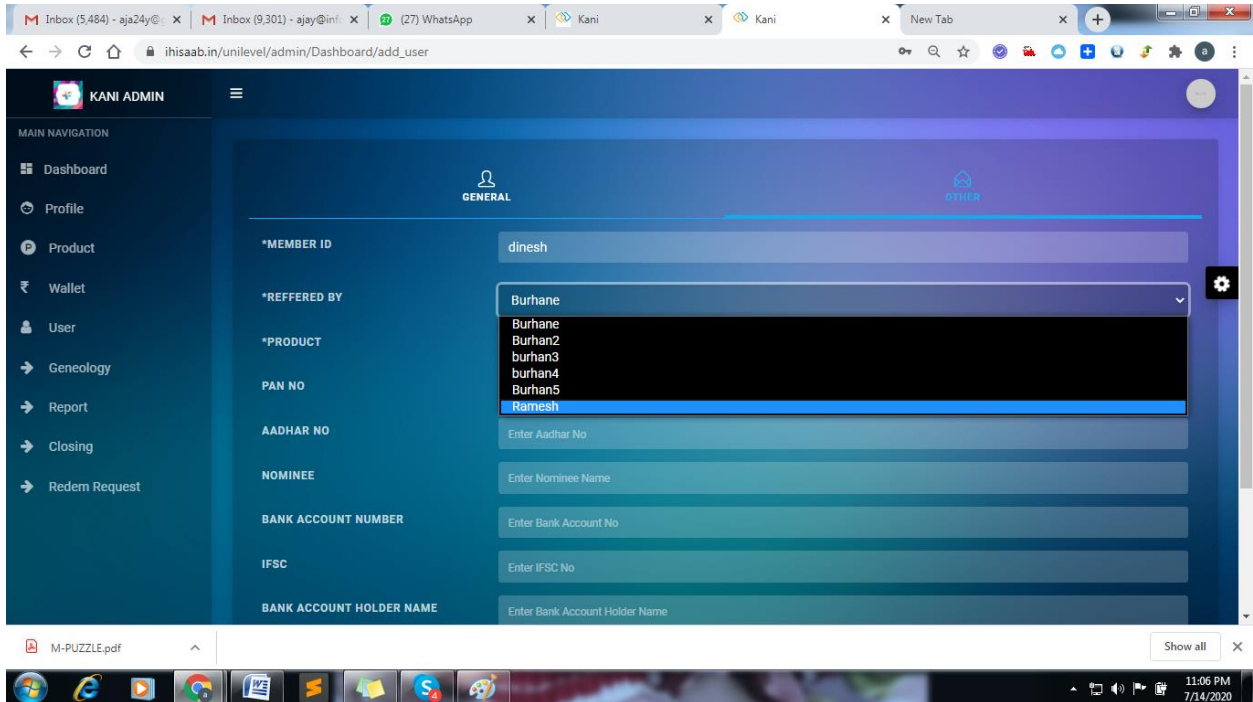

**Now once again we come into the admin ,
Now ramesh is referring to the dinesh**

The screenshot shows a web browser window with multiple tabs open. The active tab is 'ihisaab.in/unilevel/admin/Dashboard/add_user'. The page title is 'KANI ADMIN'. The left sidebar contains a 'MAIN NAVIGATION' menu with items: Dashboard, Profile, Product, Wallet, User, Geneology, Report, Closing, and Redem Request. The main content area has two tabs: 'GENERAL' (selected) and 'OTHER'. The 'GENERAL' tab contains a form with the following fields and values:

Field	Value
*NAME	dinesh
*MOBILE	7566663042
